## Seymour Summer School

For Teachers and High School Students

Ten Weeks

Beginning June 5th and Closing Aug. 11

In order to accommodate teachers in this community who have not completed a high school course, and also to enable high school students to complete any unfinished work to the extent of two fully accredited high school units, we are planning to open a summer school in Seymour June 5th to continue ten weeks. The following will be offered together with any additional subjects that may be justified by the demand:

Sociology and economics, 1 unit  
Pedagogy, 1 unit  
Advanced History, 1 unit  
Advanced Science, 1 unit  
Advanced Algebra, 1/2 unit  
Solid Geometry, 1/2 unit  
English, 1 unit  
Special review course for teachers. (No high school credit)  
Physiology, 1/2 unit  
Bookkeeping 1 unit  
(Length of periods, 50 minutes)  
Tuition for the course will be \$12.  
Special accommodations for non residents.  
Reasonable rates for board, or they may do light house keeping.

## The House of Bargains

Our opening day last Saturday was a wonderful success. I never saw such a jolly crowd. Everyone had a big smile and our money tills were full before night. We now have two big stores and we will soon install another one. I expect to make my home in St. Louis. Now listen, I go there to hunt bargains for YOU. I have had 25 years (a quarter of a century) experience in bargain hunting. Would I not be a dull student if I could not do well in this line? Remember you have an expert in the big city hunting bargains for you all the time.

Henceforth I will hunt for high class bargains.

J. E. Stolt, Mansfield, Mo.

H. H. Salisbury goes to Brighton this week where he has taken a contract for a large building at that place. Mr. Salisbury has been in the contract and building business for years and well understands this work. He expects to be done there in about four weeks.

This is commencement week for the Mansfield school. The baccalaureate sermon was delivered Sunday at the Christian church by Rev. Mr. Moffit, the commencement exercises being held Wednesday night at the Nugget theatre.

Five cars of coal, two of lumber and one of nails were derailed in the yards here Saturday morning, caused by a broken flange. The train was a through freight, No. 13. Traffic was tied up during the day, the wrecker came in from Monett to clear away the wreckage.

The special school election yesterday for removal of the school house site resulted in a vote of 168 for, and 100 against the removal. As it takes a two thirds vote to move the site, the proposition was lost, and the new school building will be put back on the same ground again.

## S. A. Cunningham for State Senate.

In this week's issue of the Mansfield Mirror appears the name of S. A. Cunningham who seeks the office of Senate from this 22nd. senatorial district. Mr. Cunningham is running on the Democratic ticket, and is asking for reelection to this position. He is asking for reelection on his record, and for what he has done for his constituency, and the causes of the people he has championed.

Mr. Cunningham is a lawyer of state wide reputation and maintains an office at Eminence. His present home is in Cadool, Texas county, where he is Vice President of the Citizens Bank of that city and acts in the capacity of legal advisor for that institution. He is a man of affairs, yet never forgetting the cause and the needs of the man in commonplace, and in the everyday walks of life. He takes a great deal of pride in the fact that he championed the cause of rural Missouri and the Ozark country, in their recent good roads measure, and against the large city districts, who were seeking to build cross state highways instead of apportioning the \$60,000,000 bond issue to the several counties.

Mr. Cunningham promises that if he is reelected, he will render the same faithful service in the future, he has in the past, and states he will always be ready to serve them whenever called upon. His experience as a state Senator, which he has had, especially qualifies him for this position, and he will be able to do more in the coming years than he has in the past.

Notices are being posted today calling for a special election in the Mansfield School district, for May 27th, to vote bonds in the sum of \$11,000 with which to build a new school building. The district now has on hand and in sight, about \$11,000, which would give about \$22,000 for the new building.

J. H. Hoefler the field manager for The Country Gentleman published by the Curtis Publishing Co., of Philadelphia, who also publishes the Saturday Evening Post and the Ladies Home Journal, is in our city this week, putting on a campaign with the American Legion for a Radiophone. This is a good move for the Legion, for Mansfield needs a Radio outfit and the Curtis people offer the Legion a very liberal proposition. For every Country Gentleman subscription that the Legion boys place in the community at \$1.00 a year for 52 copies the Legion gets half to apply on a radiophone. Let's all get busy and help the boys put this over and put Mansfield on the Radio map. This will give us an opportunity to hear big concerts and also receive market reports, world news, weather reports, sporting news, etc and every body gets their moneys worth. John N. Roy is in charge of the campaign.

Your Eyes Earn Your Living.

How long could you hold your work—how much could you earn, if you were blind.

A great many people are handicapped—have their earning power reduced—because of defective sight which might be remedied with proper glasses.

A painstaking, scientific examination of your eyes, such as I make, might be a revelation to you.
